Software Solutions

N'Vizion

N'Vizion is a web based robust reporting and analysis tool, built to provide an integrated, comprehensive, consistent system to manage, communicate and report Environment, Health & Safety practices on a real time basis.

The modules that make up N'Vizion are as follows:

- ✓ Incident Tracking (IT)
- ✓ Industrial Hygiene (IH)
- ✓ Environment Management (EM)
- ✓ Waste Management (WM)
- ✓ Occupational Health (OH)
- ✓ Audits and Non-Conformance
- ✓ Risk Management (RM)

Environment Health & Safety Policy

SRIT conducts its business responsibly and in a manner that protects the health and safety of its associates, customers, the public and the environment.

SRIT shall implement and maintain all such programs which will ensure that:

- ✓ SRIT complies with applicable government and internal health, safety and environmental requirements.
- ✓ SRIT designs facilities and conducts operations in a way that avoids unacceptable risk to human health, safety and environment.
- ✓ SRIT produces and sells products that, if manufactured, used, handled, stored, distributed and disposed off, using product safety communications and common safety practices, do not present an unacceptable risk to human health, safety or the environment.
- ✓ SRIT conducts appropriate research and communicates the known hazards of its products and operations with relevant health, safety and environmental protection information to potentially affected persons.
- ✓ SRIT establishes and presents responsible and consistent positions to governments and the public concerning health, safety and environmental matters affecting products and operations
- ✓ SRIT promotes openness with stakeholders.
- ✓ SRIT remains committed to continuous improvement in the areas of safety, health and environmental aspects.

CMMI DEV / 5SM
Exp. 2019-02-26 / Appraisal #26291

Since its inception in 1999, SRIT has strived for excellence and thoroughness in the IT sector, with the goal to harness the potential technology has to permeate an industry and transform it at every level. We focus on verticals where large-scale operations and process lifecycles can be streamlined via a single technology, thereby enabling that domain to accomplish exponentially more than it was previously capable of doing. As such our primary focus is on transforming industries such as healthcare, governance and telecom and automate them from start to finish, such that their benefits ripple out to a far greater number of people in a much shorter span of time.

We've been recognized as 2015's 'Brand of the Year' for Healthcare Managed Services by Silicon India. We are a CMMi DEV/5 company as well as the world's first SSE-CMM Level 5 assessed IT company.
